Select a template to use:

Blank template

Browse the gallery for more

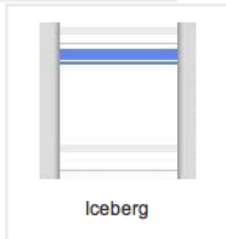

Name your site:

Site location - URLs can only use the following characters: -,A-Z,a-z,0-9

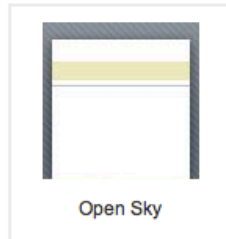

https://sites.google.com/a/stjlabs.com/

4) Scroll down and choose a site theme.

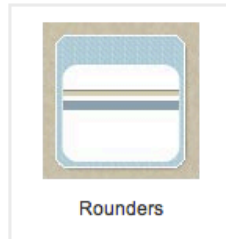

▼ Select a theme

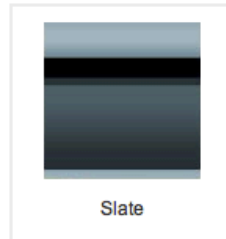

Iceberg

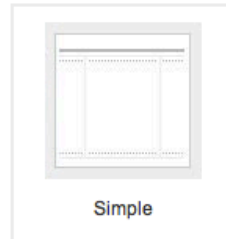

Open Sky

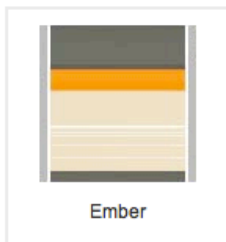

Rounders

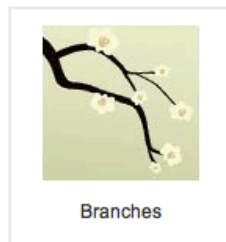

Slate

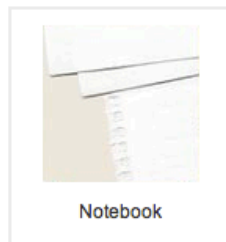

Simple

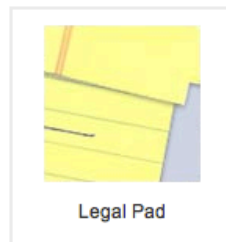

Ember

Branches

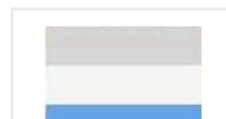

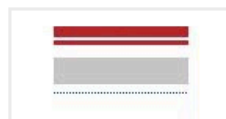

Notebook

Legal Pad

Blank Slate

5) Scroll down further and choose site access controls. You can always modify this setting (and any other) later.

▼ More options

Site categories - enter one or more categories separated by commas (e.g. "marketing, finance")

Site description

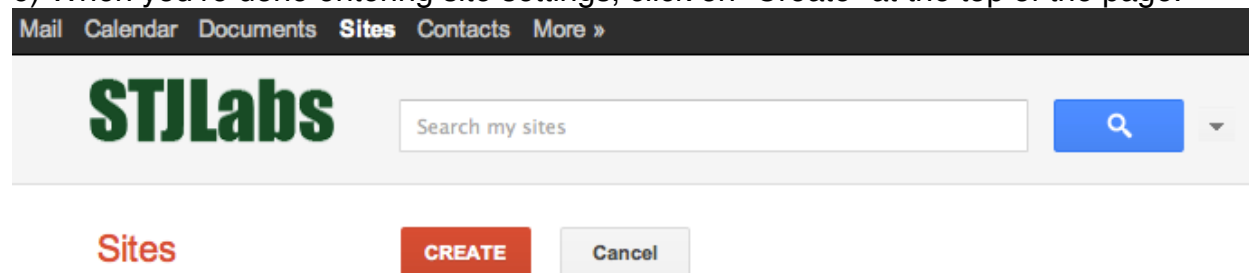

Share with

Everybody at St. Johnsbury Academy.

Only **people I specify** can view this site.

Also let **anyone in the world** view this site (make it public).

6) When you're done entering site settings, click on "Create" at the top of the page.

7) Next you will be brought to the main page of your site. On it you can add content, pages, and just about anything else you'd like. Keep in mind that many options are available under the "More" button.

8) To add editors or change site permissions, click on "More" and then "Sharing and Permissions".

9) You can create as many sites as you'd like.
