

# Glogster

## What is a Glog?

A Glog is a drag and drop interface that allows teachers and students to create multimedia posters. Students have the opportunity to create outstanding posters that include text, audio, video, images, graphics, drawings, data, and animations.

## What is Glogster EDU?

Located at [www.edu.glogster.com](http://www.edu.glogster.com), Glogster EDU is a digital form of sharing and showcasing learning. Teachers have the ability to create projects and students can digitally design multimedia posters that capitalize on 21<sup>st</sup> century productivity methods.

## How to Get Started with Glogster

To begin using Glogster EDU use the following steps:

- Go to [www.edu.glogster.com](http://www.edu.glogster.com)
- Go to EDU Basic (FREE)
- Click on Register & follow the steps listed
- Once registered, you'll be taken to your DASHBOARD
- You can add students (up to 100)
- Glogster creates random username and passwords for student log ins
- Simply click the CREATE GLOG icon and let the creativity begin
